2 Year Spinner to Tail Warranty

YOUR WORK.
YOUR LIFE.
YOUR CIRRUS.
YOUR MOVE.

Your Capability

Perspective 700 Select

\$39,900

Never before in general aviation has such a complete flight automation solution been available. The **Garmin GFC700 Autopilot** utilizes state-of-the-art digital smart servos to provide maximum accuracy in all phases of flight. Precision features such as **Vertical Navigation Mode, Indicated Airspeed Hold and Automatic Altitude Level Off** further simplify and reduce workload. The latest safety and security features including **Hypoxia Check/Automated Descent Mode, Overspeed Protection, 'The Blue Level Button', Autopilot Stall Protection, Dual AHRS and Autopilot Coupled Go-Around** give you extra confidence and control. And new for 2011, you will never fly alone – even when the autopilot is off - with **Perspective Electronic Stability and Protection™** which is always in the background to give you extra assistance if needed to help correct from abnormal flight attitudes. Combine all these features with the upgrade to the industry's largest **12" Displays** and you have the ultimate GA cockpit. *Weight Δ: 13 lbs.*

Perspective Plus

\$35,900¹

The Perspective 700 Select gets even better. Add cruising comfort for both the pilot and the passengers with the **Yaw Damper** which practically eliminates the need for rudder input in those extended climbs and turns allowing for a smoother ride. Your peace of mind also increases with **Perspective Enhanced Vision System (EVS)** and a **2nd Air Data Computer**. Perspective EVS creates an image of what is actually outside the aircraft by using infrared technology to turn night into day. The 2nd Air Data Computer adds redundancy and cross-checking capabilities to your Cirrus Perspective by Garmin cockpit. *Weight Δ: 9 lbs.*

Perspective Alerts, Awareness & Assistance

\$33,900

Maximum situational awareness goes hand-in-hand with maximum capability. Always know where "the other guy" is located with **Active Traffic Information** that alerts you of all aircraft with an active transponder within your proximity. **eTAWS** is a TAWS-B terrain warning system with greater predictive precision information based on your flight path, and if terrain is ahead, gives you early warning aural alerts. Also know where you are on approach or on the airport itself with **ChartView** (Jeppesen published electronic charts). *Weight Δ: 15 lbs.*

Certified Flight Into Known Ice

\$31,900²

Increase your flying flexibility and capability with the **Cirrus Known Ice Protection System**. Not an STC or an afterthought, this TKS-based system was engineered from a clean sheet to include innovative features such as **Dual Windshield Sprayers** that ensures landing visibility, **Dual TKS Fluid Tanks with Automatic Tank Switching** and **Three TKS Flow Rate** options to cover every condition. More impressive is full integration with the Cirrus Perspective by Garmin cockpit providing ready access to **TKS Fluid Duration and Range Information** and all **System Operating Parameters**. Finally, this package also guarantees your aircraft is ready for colder weather flying and you maximize engine life with a **Tanis Engine Pre-Heater**. *Weight Δ: 33 lbs.*

Premium Appearance

\$14,900

Your aircraft will take you many places; now look even better at your home airport and when you travel with the Premium Appearance Package. Add **Tinted Rear Windows, Polished Spinner** and **Sterling or Two-Tone Paint³** to give your aircraft head-turning ramp presence. More luxury awaits inside the cabin with your choice of **Leather Interior**. Also, announce your arrival and ease evening pre-flights with **Surface Illumination Lights** that allows the pilot to see both the wing and stabilizer by dual prismatic lights during nighttime operations. *Weight Δ: 12 lbs.*

The SR22T GTS is truly the Flagship of the Cirrus Aircraft fleet. Combine all the packages for even greater value: **Perspective 700 Select, Perspective Plus, Perspective Alerts Awareness & Assistance, Certified Flight Into Known Ice, Premium Appearance**, and authentic **GTS badging**. GTS: the luxury, technology and performance standard by which all other aircraft are measured.

GTS *Weight: 2457 lbs.*

\$689,900

GTS without Ice Protection *Weight : 2449 lbs.*

\$658,900

(Air Conditioning replaces Certified Flight Into Known Ice)

Your Personality

Cirrus owners already have an unparalleled appreciation and expectation for quality and performance. It's the reason Cirrus continues to be the world's best-selling airplane in its class. Now, Xi takes this one step further through individualization - by making you an integral part of the design team for your dream airplane.

A unique experience worthy of every flight you will make in your Cirrus, you will develop a personal working relationship with a Xi Specialist, working one-on-one to tailor your plane to your exact specifications and preferences for materials, colors, designs and more. Xi: Now You define the art of the possible.

Xi Complete	\$44,900 ⁴
Xi Interior	\$29,900 ⁴
Xi Exterior	\$24,900 ⁴

Style, prestige, identity. With X-Edition, distinction and build quality are benchmark, class leading and head turning. Carbon fiber and machine-finished aluminum distinguish the instrument panel and center console, the cabin is swathed in leather with tailor stitched accents and supportive seats are finished in supple yet durable Alcantara®. The X-Edition is destined to be the iconic version of an exceptional aircraft. *Weight Δ: 3 lbs.*

X-Edition	\$15,900 ⁴
-----------	-----------------------

Additional Options

Air Conditioning or Basic Ice Protection \$19,900

Get the benefit of either the factory installed air conditioning system or basic ice protection (not certified for flight into known ice). *Weight Δ: 55 or 30 lbs*

Lightning Detection \$9,900

Enhance weather awareness with instantaneous lightning information for all types of convective activity. *Weight Δ: 6 lbs.*

Tanis Engine Pre-Heater \$1,490

Guarantee your aircraft is ready for colder weather flying and maximize your engine life. *Weight Δ: 2 lbs.*

ChartView \$3,900

Electronic charts published by Jeppesen. Also included in the Perspective Alerts, Awareness & Assistance Package.

ADS-B Transponder \$1,490

The FAA has announced that all transponders by 2020 need to be upgraded to include "ADS-B out" capabilities. The Garmin GTX 330 ES is an upgrade to the standard Mode S transponder that will make you 2020 compliant.

Couple this option with the Perspective Alerts & Assistance package and you will take full advantage of the ADS-B system. Not only will the active traffic information system give you transponder equipped aircraft but will give you the "ADS-B in" capability to receive information from all other "ADS-B out" equipped aircraft flying in your vicinity.

Assurance

3rd Year Spinner to Tail Warranty \$6,900

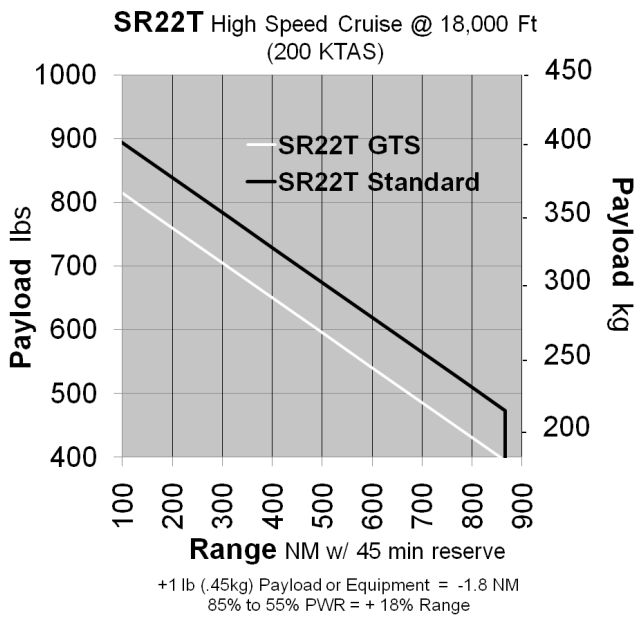

Give yourself and your investment the peace of mind that during the first three years of ownership if any system in your aircraft needs attention, Cirrus will take care of you.

4th & 5th Year Spinner to Tail Warranty Upgrade \$19,900⁵

Add two more years for an unprecedented and industry-leading 5 year spinner to tail warranty. The most complete coverage for the world's most desired aircraft.

Notes: _____

¹Requires Perspective 700 Select Package. ²Upgrade for Basic Ice Protection. ³Two Tone choices limited to available standard schemes. ⁴Upgrade for the Appearance Package. ⁵Upgrade for 3rd Year Spinner to Tail Warranty.
